FROM PREP SCHOOL TO THE ENGLISH PREMIER LEAGUE

BRFC *USL LEAGUE TWO*

ABOUT USL LEAGUE TWO:

USL League Two (USL2), formerly known as PDL, is the leader in pre-professional soccer in the U.S. and Canada. USL2 franchises provide the elite amateur player the opportunity to train and compete at the highest level while maintaining their collegiate eligibility. The league has proven to be an important stepping-stone for top professionals now playing throughout the world, with 70% of all MLS draftees having USL2 experience. Unofficially, it is considered to be the fourth tier of competition, behind Major League Soccer, USL Championship, and USL League 1. The USL2 season consists of 14 regular season matches for each team, seven home and seven away. 72 teams compete in four conferences, split into ten regional divisions. In addition to league play, USL2 teams compete in the Lamar Hunt U.S. Open Cup as well as various exhibitions.

Dubbed the PATH2PRO the USL2 is the foundation of player development to the professional ranks. Each team utilizes the USL2 for player development differently on a club-by-club basis. For instance, a Major League Soccer club will operate or affiliate with a USL organization in order to provide their players the opportunity to obtain the precious training time needed in order to qualify for homegrown status. Similarly, USL clubs will utilize the USL2 for player identification.

BRFC USL LEAGUE TWO HISTORY:

In our inaugural 2018 season Black Rock FC League Two won the Northeast Division with a 9-3-2 record and were one of eight teams to advance to the national championship. They automatically qualified for the 2019 Lamar Hunt U.S. Open Cup - a tournament open to all professional and amateur teams affiliated with U.S. Soccer. Many of our players received national recognition throughout the season and a total of five players have signed professional contracts since that time. In 2019, Ousseni Bouda (Stanford '23) was named the number one professional prospect in the league.
